REMARKS:

a. reloading of a container train-yard or truck- yard or v.v.;
b. transshipment rate is applicable for direct train-train reloading or when time period between commencement of the terminal slot for train A and end of the terminal slot of train B do not exceed 24 hours; the rate refers to additional handlings connected with transshipment within the terminal for service requirements, container repairs, washing, use of emergency tub, handling between the trains, weighting, container status/condition check etc.);
c. calendar days, including the date of drop off / pick up the container;
d. the rate per day of usage; it does not include the cost of handling and neutralization of pollutants;
e. only fitting, without flexi tank and additional materials;
f. service is not available in LD Kolbuszowa; the rate does not include handlings; refers to a single wash; not possible in autumn/winter season; does not apply to hazardous goods and/or containers after waste unloading;
g. applies only to PCCI terminals with VGM scales; rate assumes performance of ordered, previously planned weighing operation, being a part of transport order; does not apply to situations where weighing requires moving a container from yard or from external truck to scales;
h. Any inspection of the condition of the container, its fixtures, equipment or seals at the request of the customer, including the data reading/reporting.

1. Any other services not mentioned in the tariff, if are possible to be served by the Terminal can be secured/proceeded only with the separate contract signed ahead.
2. Storage services exclude warehousing and storage of the hazardous goods. UTI with IMO can be only accepted on the terminal when changing the transport mode is needed for transshipment operations during the transportation proccess. The total storage time for transported IMO can not exceed 24h as from the time UTI was accepted to the terminal, excluding approved emergency situations.

ALL THE CHARGES ARE NET CHARGES (DO NOT INCLUDE VAT) !
